Geneva, Switzerland

TO WHOMEVER IT MAY CONCERN

Dear Sir/Madam,

I am pleased to recommend Ms. Kiara Mckay for the position for which she has applied to in your organization.

I have worked closely with Kiara during her internship at the Water and Climate Coalition secretariat hosted within WMO - Geneva for a 9-month period from October 2021 to June 2022. As a Communications Intern, she was a real added value for the team both at personal and professional level.

Being diligent and rigorous, she was able to create and implement the communication strategy of the Water and Climate Coalition and delivered the products as and when requested and needed for the team. She has repeatedly demonstrated skills in content creation, web management, video and image editing and in social media management.

She is pro-active, a fast and keen learner and very dependable when it comes to deliverables. She has shown initiative and has accepted the follow-up of each project or subject with efficiency, autonomy, and professionalism.

I am sure that her personality, both discreet when necessary but also lively, when necessary, will be a perfect addition to any team.

Therefore, I strongly recommend Kiara for the applied position, and I remain at your disposal if you wish to contact me for further details or for a face-to-face conversation about her application.

Yours sincerely

(Sulagna Mishra)

Dr. Sulagna Mishra
